BCS3
AIR HANDLERS

THE RIGHT CHOICE.
RIGHT NOW.

CONCORD™ MAKES IT EASY TO FEEL COMFORTABLE AND SMART.

Concord builds every air handler using only quality materials and proven designs. So they're rugged, dependable, and ready to offer years of affordable comfort. Since they're designed with smart, energy-saving features, you'll also use energy wisely, season after season. It's a simple decision. And a smart one.

SOME DECISIONS ARE TOUGH. THIS ONE ISN'T.

When you consider Concord systems, quality is a given. But you're also getting great features and smart designs that squeeze more comfort out of every energy dollar. And best of all, you get it right now.

STAY COOL, AND STAY ENERGY-SMART.

The BCS3 works hard to provide high levels of efficiency and temperature control. The cabinet is designed to allow less than 2% air leakage, while foil-faced insulation helps contain your conditioned air, minimizing energy waste.

Well designed, so it offers more.

The BCS3 is a rugged and reliable component of your home heating and cooling system, with smart touches throughout. For example, the high-strength, durable blower motor provides dependable everyday operation.

Versatile performance for unpredictable weather.

Air handlers are popular in warmer climates, but that doesn't mean the BCS3 can't offer the same relief in cooler weather as well. To increase your range of comfort, optional electric heating strips can be installed to allow you to circulate gently warmed air.

THE FULL-FEATURED CONCORD BCS3 IS THE RIGHT CHOICE, RIGHT NOW.

- Efficient PSC motor moves air effectively and efficiently
- 10-year limited warranty on parts* means comfort with lasting peace of mind
