The Right Choice. Right Now.

RGE13
PACKAGED UNITS

IT'S NOT A HARD DECISION.
BUT IT'S A GREAT DECISION.

THE BEST OF EVERYTHING ALL IN ONE.

Efficient energy use. Consistent heating and cooling. The Concord™ RGE13 delivers everything you want in one rugged packaged unit. It's a simple choice to make and the right one every time.

SOME DECISIONS ARE TOUGH. THIS ONE ISN'T.

When you consider Concord systems, quality and value are givens. You're getting peace of mind with great features and smart designs that squeeze more efficiency out of every energy dollar. And best of all, you get it right now.

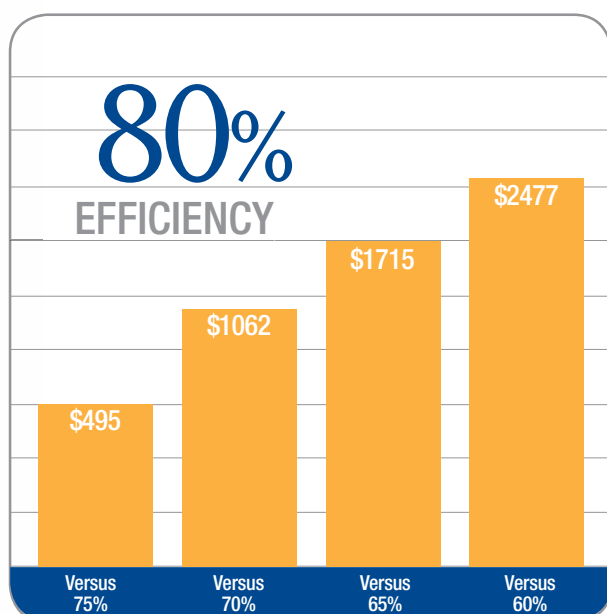

A solution you can trust.

The Concord RGE13 is a smart choice right now, and for years to come. It's built to last, with a durable, aluminized steel heat exchanger, a robust wire grille to protect internal components, and a heavy-duty compressor that can stand up to even the hottest summers.

Comfort is nothing without efficiency.

With a Seasonal Energy Efficiency Ratio (SEER) of 13 and an Annual Fuel Utilization Efficiency (AFUE) of 80%, the RGE13 will help you stay comfortable in any weather, while helping you use energy wisely all year long.

Over the years, a hardworking Concord packaged gas heating and electric cooling unit can save you hundreds of dollars on utility bills.

Savings vary depending on use, geography, lifestyle, maintenance, installation and other factors. Chart depicts 5-year savings over less efficient models.

Peace of mind feels pretty good.

The Concord RGE13 is designed to make you feel good in every way. And once you've registered your equipment, you'll enjoy the confidence of a lifetime warranty on the heat exchanger, and a full ten years of protection on the compressor and other parts. So sit back and relax. You have a Concord.
