Air Conditioning & Heating

GMS8/GDS8/GHS8 MULTI-SPEED GAS FURNACE

Thank goodness for Goodman.®

Goodman®

Air Conditioning & Heating

A COMFORTABLE VALUE

When selecting a gas furnace for your home, you are often searching to find the best combination for an ideal level of home comfort. You want to find a gas furnace that offers exceptional, dependable, and stable performance for many, many years. Most important you want the best value possible. Faced with the decision to find a trustworthy and reliable gas furnace that delivers quiet, energy-saving operation and outstanding long-term value, the Goodman® brand GMS8/GDS8/GHS8 Multi-Speed Gas Furnace may be your best option. The gas furnace in your home provides not only heating comfort, but it operates with your central air conditioner to deliver cool comfort too. So, your final choice is doubly beneficial. Whether it's the coldest day of the year or any day of the year, with the Goodman brand GMS8/GDS8/GHS8 Multi-Speed Gas Furnace you'll be saying, "Thank goodness for Goodman.®"

ENJOY THE COMFORT AND EFFICIENCY

As a homeowner, you want a cost-effective way to maintain a comfortable environment for your family. You've got it with the Goodman brand GMS8/GDS8/GHS8 Multi-Speed Gas Furnace, which provides effective home heating at an affordable price.

Energy efficiency is key to controlling the cost of heating your home. This furnace's 80% AFUE rating means 80 cents of every \$1.00 of heating energy expense warms your home. Some older central heating systems rate at 60% AFUE, meaning only 60 cents of every \$1.00 of heating energy expense warms your home. The remaining 40 cents is lost energy – wasteful and expensive.

The heart of any furnace is the heat exchanger. Our aluminized-steel tubular heat exchanger has been tested to industry standards.

For further safety and reliability, your furnace has a durable hot-surface igniter, and has integrated controls with diagnostics, plus a combination redundant gas valve and regulator.

Additionally, the Goodman brand GMS8/GDS8/GHS8 Furnace models are designed to minimize NOx emissions.

QUIET YOU CAN COUNT ON

Your Goodman brand GMS8/GDS8/GHS8 Gas Furnace uses a multi-speed blower motor and sound-isolated blower assembly to reduce the noise levels common in other furnaces without these features. Add an insulated, heavy-gauge steel cabinet and the result is quiet comfort.

THE HEART OF COMFORT

The award-winning design of the primary heat exchanger in the Goodman brand GMS8/GDS8/GHS8 Gas Furnace is unique. It's constructed from tubular aluminized-steel and formed into a dual diameter configuration. Furthermore, the use of wrinkle-bend technology results in an extremely durable heat exchanger. A heat exchanger often is considered the essential component of any gas furnace. This combination offers one of the best levels of reliability, durability, and efficiency you'll find within the Goodman brand.

Convenient 33 3/8" height unit

IMPRESSIVE FEATURES AND BENEFITS:

GOODMAN® BRAND GMS8/GDS8/GHS8

MULTI-SPEED GAS FURNACE
